3 DAYS OF SOUND,
SPIRIT AND
MOVEMENT
AUG 28-30
THE BLUE VIOLET CAFE

Artists from across the Northeast are converging at the conflux of the Beaver and Ohio rivers.

An extraordinary event is happening in the heart of Beaver County. The 2009 Arts in the Valley brings a wildly talented cast of musicians and instructors spanning a wide array of genres and topics. Performances each night include blues, African drumming, storytelling, 8-string guitar, jazz, gospel and good ole' rock'n' roll. Workshop offerings on Saturday and Sunday cover an incredibly diverse set of topics including shamanic journeying, a guitar and bass workshop, meditative and recreational drum circles, ancient storytelling and morning yoga each day. All being offered at very affordable first year introductory pricing. If you love music, art, good people and personal growth, you don't want to miss this!
